### EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Patrick Gallagher on June 14, 2005.

The application has been amended as follows:

Claim 6 (currently amended): The process according to claim 1, wherein the ratio of the first reaction zone, in which ~~the raw materials~~ said gas containing hydrogen chloride and said gas containing oxygen are firstly supplied among at least two reaction zones each comprising a catalyst-packed layer, which are arranged in series, is 70% by volume or less based on the total volume of all the reaction zones.

Cancel claim 14.

Both amendments filed June 3 and June 7, 2005 were entered and considered. It is noted that the amendment filed June 7, 2005 further clarifies the instant claim 1 and also corrects the claim qualifier for claims 13-14 which were early presented in the response filed December 15, 2004 (RCE request).
